To our partners

April 2025

Price situation – new price lists will apply from 1 July 2025.

Dear Sir or Madam,

Since October 2022, we have kept our prices stable for you – albeit with minor corrections for individual items. Nevertheless, we too are affected by the ongoing inflation in the procurement markets resulting from raw material price increases, substantially higher payroll costs, and energy price hikes. Having offset these supplier side increases for almost three years, it is now unfortunately unavoidable that we adjust our sales prices.

We are making adjustments in line with the relevant factors. Averaged across the shopping basket, this means an increase of approx. 3.5 %.

The new prices for our entire range will apply from **1 July 2025**.

You can already download the new gross price lists easily [here](#).

Perhaps you need a price list with your individual purchase prices? For this, you'll need to log into the [RIEGLER online shop](#) using your login data, go to "My Account" and select the "Data Manager". Click on "Individual Price List" in the "Data Selection" drop-down menu. We will send you the price list you require via e-mail from the end of May 2025.

Your personal contacts in our sales department are there for you. Please feel free to contact us.

Thank you for your understanding. We will continue to put your requirements and wishes at the center of everything we do.

Kind regards,

RIEGLER & Co. KG

Philipp Wacker
Managing Director
