September 2026

Inflation surcharge and price list update effective from 1 November 2026

Dear Sir or Madam,

Raw material prices on global markets continue to rise.

Over the past twelve months, the prices of copper and zinc, the principal components of brass, have increased by approximately 40%.

In addition, the cost of petroleum-based plastics, from which, amongst other products, our hoses are manufactured, has risen significantly during the last 12 months as a result of the conflict involving Iran and the associated constraints on crude oil supply. This has been driven both by reduced production volumes and by the disruption of shipping routes through the Strait of Hormuz.

Unfortunately, we are unable to fully absorb these substantial increases in procurement costs. We therefore ask for your understanding that, effective **1 November 2026**, we will adjust our selling prices as follows:

Brass Products:	Increase of the Inflation Surcharge from the current 4.75% to 6.75%
Hose Reels, Hoses and Pipes: (excluding pneumatic hoses type 259, spiral hoses, and hoses/pipes from the »speedfit« und »sharkbite« ranges)	Inflation Surcharge: 4%
Handheld Tyre Gauges:	Inflation Surcharge: 4%
Industrial Adhesives:	Inflation Surcharge: 4%
Technical Sprays:	Inflation Surcharge: 4%

Furthermore, we will be adjusting the prices of our WIKA and Bürkert product ranges.
For the WIKA range, an Inflation Surcharge of 3.5% will apply. Prices for Bürkert products will increase depending on the product concerned, up to a maximum of 3.9%.

The new prices will apply from **1 November 2026**.
You can already download the new gross price lists easily here.

Perhaps you need a price list with your individual purchase prices? To do this, log in to the RIEGLER online shop using your login details, go to “My Account” and select the “Data Manager”. Click on “Individual Price List” in the “Data Selection” drop-down menu. We will send you the price list you require via e-mail from the end of September 2026.

Your dedicated sales contacts remain at your disposal and will be pleased to assist with any questions you may have.

We are closely monitoring developments in raw material markets and will naturally review and adjust the Inflation Surcharges in accordance with changing market conditions. Should there be any significant movement in market prices, we will keep you informed in a timely manner.

Thank you for your understanding of this necessary adjustment. We greatly appreciate your continued trust and look forward to our ongoing partnership.

Kind regards,

RIEGLER & Co. KG
