Drilling and cutting oil spray

free from mineral oil

Art. No. **192330**

Type No. **3210/400-1**

Exemplary illustration

Cutting fluid is free from mineral oil. Its exceptionally high lubricating performance allows increased cutting speeds, extended tool life and, consequently, enhanced cutting efficiency of the tools.

Technical data

Description	Drilling and cutting oil spray, 400 ml
Colour	transparent
Silicone-free	yes
Thermally stable	max. 200 °C

Commercial data

Customs tariff number	34039900
Country of origin	DE
eCl@ss 5.1.4	30021609
eCl@ss 9.0	30021609
UNSPSC_Code_v190501	15121502
UNSPSC_CodeDesc_v190501	Cutting oil

Product Information

Cutting oil for all steel grades

Drilling and cutting oil spray is free of mineral oils. Thanks to its particularly high lubricating effect, it enables higher cutting speeds, a longer service life and thus higher performance of cutting tools.
Drilling and cutting oil spray can be used for drilling, turning, milling, grinding, sawing, punching and thread cutting of all types of steel, castings, stainless steel, copper, brass, aluminium, and their alloys in all industrial applications.
